

TRR 274

Checkpoints of
Central Nervous System Recovery

Clinician Scientist Program

For clinical residents with a strong interest in establishing a research profile in CNS regeneration

Open Call 2025

Early module:

For young clinical residents in year 1-3 year of their residency (parental leave will be taken into consideration).

We offer:

- Protected research time (12 months, 80%)
- 80% of salary support
- Clinical and scientific mentoring

Advanced module:

For advanced clinical residents > 3 years into their residency (parental leave will be taken into consideration)

We offer:

- Protected research time (24 months, 50%)
- 50% of salary support
- Clinical and scientific mentoring
- Start-Up allowance of up to € 13.200 for establishing an independent research group

How to apply

Send following documents as a single PDF to the TRR274 coordination office:

1. Application form (below)
2. Curriculum Vitae
3. List of publications
4. Research proposal
5. Letter by clinical board confirming salary support for the duration of the module and acknowledgement of leave of absence from residency duties
6. Letter by scientific mentor confirming support of the candidate and project, as well as availability of existing lab facilities

For more detailed information on these documents, please consult the application form.

Deadline: 30.06.2024

Chosen candidates will be notified by the end of July 2024
